1 Ask a grown-up to hard-boil the 4 eggs for 10 minutes, then let them cool down. Don't forget to put on an apron.

2 While you're waiting for them to cool, colour in the egg on this page. It could be a colourful pattern or a smiley face!

3 Now it's time to decorate the real eggs. Use paints or coloured pens to make pretty patterns, silly shapes or funny faces on each egg.

Have fun!
